

## Invitation Letter Process Deadline

Dear Sir/Madam,

Thanks for registration on Greensys2017!

This is a reminder for participants who need an official invitation letter for visa application to China.

According to the rules that only the official invitation letter which is authorized by the ministry of foreign affairs of P.R. China can be accepted for business visa application. It takes about 2-3 weeks for processing it. Usually it takes longer time because we have to collect the information for a group participant (at least 20) together to process it in the invitation letter office. Taking account of the limited time before Greensys2017, we sincerely ask participants who need an invitation letter please send your information form for visa application (see website) as soon as possible. Particularly for participants who need the original copy of invitation letter please count the mailing time.

**Note:** We will not accept information form for invitation letter **after 20 June**. Please apply a tourist visa after this date. Thanks very much for your cooperation!

Looking forward to see you in Beijing in Greensys2017!

The Organizing Committee
